**FOCUS PULLER/1st AC**

 [@samantha\\_camera](#) [samantha\\_patterson@me.com](mailto:samantha_patterson@me.com)

I am an experienced 1st AC focus pulling for 8 years who started in the industry on the camera floor at Take 2. Since then I have worked on a variety of high quality TV series, feature films and commercials. I keep up with the latest innovations and have a solid reputation for being professional, hard working and getting on well with others. Recently I started operating the camera as an additional or second unit for DP's that know me well and I'm looking for more opportunities to do more.
